**Project Homeless Connect Washington County (PHC/PHCWC)** is a nonprofit organization dedicated to empowering individuals experiencing houselessness by meeting them where they are and walking with them on their unique journeys toward stability and self-reliance. Our multi-pronged approach, built on trusting relationships, includes collaborative one-day resource events, a street outreach team, an access center, peer mentors, shelter services, and housing resources with case management. Utilizing trauma-informed care, a DEI lens, and best practices, we are working to end houselessness and transform the lives of those we serve. Our vision is to ensure that all people in Washington County have a stable place to call home by working together with partner agencies and government bodies to provide a high-quality, integrated system of services.

**Why Work With Us?** PHC is driven by a strong set of values: Passion, Humanity, Connection, Wellness, and Collaboration. We are committed to transforming lives and fostering an inclusive, compassionate, and supportive environment for both our staff and those we serve. Our staff is passionate about making a meaningful impact, and we strive to create a workplace where every team member's contributions are valued. We actively promote equity and inclusion, ensuring that our programs and staff culture are accessible and equitable for all, regardless of race, ethnicity, faith, culture, language, disability, gender, gender identity, sexual orientation, or

family status. At PHC, you will be part of a dedicated team working to create lasting, positive change in the lives of those we serve.

### **Position Overview:**

The Shelter Safety Monitor plays a critical role in maintaining a safe, secure, and welcoming environment for all shelter residents, staff, and visitors. Working in a 24/7 facility, this position is responsible for monitoring shelter operations, de-escalating conflicts, responding to emergencies, enforcing safety protocols, and supporting emergency preparedness and intervention efforts.

In this role, operational responsibilities are carried out in ways that foster trust, build rapport, and encourage participant engagement. The Safety Monitor meets people where they are, offering empathy, encouragement, and practical support while guiding them toward resources, personal goals, and overall wellness. By blending operational duties with intentional peer connection, this position helps create a safe, supportive, and empowering environment that promotes self-determination and holistic well-being for all Shelter participants.

### **Primary Responsibilities:**

- Conduct routine cleaning and sanitation of interior and exterior spaces. Monitor cleanliness of facilities daily, ensuring a high standard of care and presentation.
- Monitor shelter entrances, exits, and communal areas to ensure safety and compliance with shelter rules and policies.
- Conduct regular walkthroughs and perimeter checks of the facility.
- Screen visitors and residents during entry and exit; manage sign-in/sign-out logs.
- Monitor surveillance systems (CCTV) and report suspicious activity promptly.
- Respond quickly and appropriately to incidents, emergencies, and crises including medical, fire, or behavioral situations.
- Administer basic first aid or CPR (if certified) and activate emergency response systems as needed.
- Participate in emergency drills and support shelter emergency preparedness planning.
- Maintain awareness of emergency exits, shelter-in-place protocols, and fire safety procedures.
- De-escalate tense or potentially violent situations using trauma-informed, non-violent crisis intervention techniques.
- Engage respectfully with residents experiencing mental health or substance use challenges.
- Support residents in distress and refer them to case management when appropriate.
- Enforce shelter rules, curfews, and occupancy limits consistently and fairly.
- Document incidents, interventions, and safety concerns in accordance with organizational protocols.
- Work closely with shelter staff and external responders (e.g., police, EMTs) during critical incidents.

- Assist with resident intakes and orientations as needed.
- Support staff with shelter cleanliness, room checks, and daily operations.
- Provide compassionate, respectful communication with all residents and uphold client confidentiality.
- Act as a positive role model for individuals being served, showing a healthful lifestyle orientation.
- Offer non-judgmental peer support to individuals experiencing mental health and addiction challenges, fostering hope, resilience, and a sense of belonging.
- Share personal experiences of recovery, coping strategies, and self-care techniques to inspire and empower participants on their recovery journey.
- Engage in active listening, validation, and empathetic communication to establish trusting relationships and promote a sense of connection and understanding.
- Connect participants with various models of recovery support and community resources and assist with developing a support network.
- Continue to learn and grow as a part of the Project Homeless Connect team.
- Provide crisis intervention and de-escalation support to individuals experiencing mental health crises, utilizing peer support principles and trauma-informed care.
- Support agency activities and initiatives related to homelessness. This can include but is not limited to: One Day Events and Inclement Weather Shelters.
- This is not an exhaustive list of duties and responsibilities.

#### **Minimum Qualifications:**

- Highschool diploma or equivalent
- Experience working in a congregate shelter setting
- Experience working with participants with mental health disorders, chronic health issues, substance use disorders and disabling conditions.
- Experience in the following areas: chronic homelessness, outreach and engagement strategies, housing navigation, best practice models, mental health and substance use disorder services, crisis intervention, suicide assessment and prevention.
- Passion for ending homelessness.
- Knowledge of or ability to learn the Homeless Management Information System (HMIS).
- Ability to work as a member of a team and independently.
- Strong people skills.
- Ability to work effectively with people of varying racial, ethnic, cultural, educational, and socio-economic backgrounds.
- Working knowledge of Microsoft Office products, including Word and Excel.

#### **Experience Preferred:**

- An understanding of the unique needs and struggles of individuals with high barriers to employment and housing.
- Knowledge of local programs available for unemployed individuals
- A preference may be given to an individual who has similar life experience, either as a formerly homeless person or person with high barriers to employment.

- A preference may be given to speakers of two or more languages.
- Knowledge, experience, or training in mental health work, crisis de-escalation, conflict resolution, and/or providing trauma-informed care.
