

11/7/25 Tigard ONE DAY EVENT

Our 2025 One Day Event was a powerful reminder of what compassion in action looks like. In just one day, we connected individuals, families, and pets with essential care, resources, and community.

Service Highlights:

440 neighbors served

30 vision exams + prescription glasses

28 pets groomed

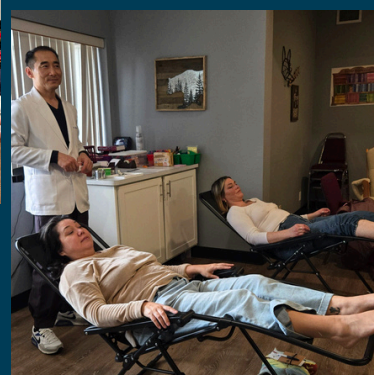

80 haircuts

50+ organizations offered services

across alternative medicine, healthcare navigation, helpful items, housing support, behavioral health, recovery, and animal care — all creating a space of dignity, connection, and hope.

“It was great having a safe place to provide so many services to our community. It really couldn't have come at a better time.”
